

OASIS Exercise #3 – From here to there...

Remain in the same groups that you were in for Exercise #2

Every group will receive 2 topics to discuss. Each topic will include statements from Part 2 of Open Stance, page 81, that address going from closed to open (or from here to there)

Using the techniques already learned from the OASIS and Open Stance book, and the discussions that you had as a group already, discuss how you can use the OASIS approach to move from one to the other.

Be prepared to share with share with the bigger group
